Lawson Trust Endowment Match Challenge.

Do *more* to help people in Sussex. With *less*.

The  Lawson Trust

An opportunity to do *more*.

Sussex Community Foundation and the Lawson Trust have been key partners since 2017. Both of us are committed to grant-making that enables and empowers our amazing local charities and community groups. We are now excited to announce a huge opportunity to grow philanthropic support in Sussex for the long term.

How does it work?

Until 1 October 2024, The Lawson Trust will add 50% to new donations to Sussex Community Foundation up to a maximum pledge of £500,000. Funds will be invested for long-term sustainability with a percentage of the capital used each year for grant-making to create life-changing impact for people across Sussex.

If you've ever thought about investing your charitable giving towards a fairer and more equal Sussex, this could be the opportunity you have been looking for. You could create your own charitable fund and receive expert philanthropy advice from Sussex Community Foundation. So you can help the causes important to you across Sussex, for years to come... for less!

Front cover image: Lunch Positive

Example.

Your donation	£80,000
Gift Aid adds 25%	+ £20,000
Lawson Trust adds 50%	+ £50,000
Your new fund gross value	=£150,000*

* -£5,000 Sussex Community Foundation contribution
And remember, your initial donation may also be eligible for tax relief.

Key Information.

- Donations must be given to endowment funds at Sussex Community Foundation.
- The challenge is open to individuals & families, charitable trusts and businesses.
- New donors can establish their very own fund with donations from £25,000 (or £100,000 if involved in selecting grants).
- Existing fundholders can top-up from £10,000.
- The maximum amount of match available is £50,000 per fund.
- Donations from £10,000 will also be accepted into our pooled fund.

This opportunity is only open until 1 October 2024.

This is an *unrivalled opportunity* to change Sussex for the better, for years to come, and get *maximum impact* from your investment. Please do consider it!
